

How do your RPAC dollars work for you?

- Successfully passed the new Broker Relationships Act, which eliminates single-party broker and transaction-broker. This law makes it much easier for the licensee and the consumer to understand.
- Successfully passed legislation that protects residential and commercial licensees from being at fault if the square footage is incorrect as long as the approved source is identified.
- Led the fight to keep banks out of the real estate business.
- Passed legislation to allow the use of digital signatures.
