

Kimberly Robbins

2021 OKCMAR Board of Directors Nominee

Service to NAR, OAR, OKCMAR and MLSOK:

I have only been a Realtor for a short time but I was immediately drawn to service with my local association. I have served or several committees, including the Awards Committee, Compliance Committee, MLS Committee, and Commercial Committee. I serve as the current chair for the YPN Committee. I have been honored to serve and plan to do much more as my new career expands, with plans to serve with OAR and NAR in the future.

Tell us a little bit about your personal life and personal philosophy that you are comfortable sharing with the membership online.

I am a wife of 25 years to the most amazing man. We have 4 beautiful children ranging from the ages of 27 to 16, and the most beautiful grandson that I have ever laid my eyes on. My family is my first passion and I have dedicated my life to raising good human beings that will always stand for the greatness of all humanity. I am an open book, my God given gift is a passion for people and their success in life. That passion has drawn me to this great career. I seek to help people by building beautiful and safe communities that focus on diversity and inclusion. I believe the idea of American being a true melting pot and has been realized and I want to do my part in expanding that narrative and reaching that dream. I have a personal goal to make a positive change in the communities around me, I do so by volunteering with any organization that will take me. A great mentor of mine once said to me it's not just about where you live, it's about making a life where you live.

Tell us why you would want to serve on the Board of Directors.

Serving on the Board of Directors gives me the opportunity to broaden my boundaries of influence, to not only to affect my sphere but also the industry as a whole. I will be able to serve Realtors in a greater way, as I have always believed these are my people, I understand their needs to build great businesses and to help their communities thrive. I could serve as an advocate for Realtors and a sounding board for racial equality and inclusion, and have a seat at the table where I can use my voice for the greater good.
