

Michael Buoy

2021 OKCMAR Board of Directors Nominee

My name is William Michael Buoy and I have been involved within the real estate industry for over 30 years. I purchased my first house at the age of 14 years and managed it as a rental property. Since that day I have developed a love for real estate and working with people. I obtained my real estate license when I was 19 years old and I started selling real estate while in college. In 1998 my life took a major turn as I gave my life to Christ and went into ministry. I have pastored at some of the greatest churches around including Life.Church, Victory Church, and Mosaic Church over the last 22+ years. This has allowed me to develop love for serving others as well as amazing leadership skills, serving under some of the best leaders around, and real estate has been the tool I used to fund my ministry. I also have a background in agriculture, growing up on a farm, and was honored to be a member in 4-H and FFA, where I earned many awards including Oklahoma State Farmer in 1994. I have led many kids programs, events, and was a 4-H leader for many years.

I went to college at Seminole State College, Southwestern Oklahoma State University, where I played football and won a National Championship, and Oklahoma State University. I graduated from Oklahoma State University a few years ago, after leaving to pursue ministry and returning to finish the only thing I had not completed. Many years of service has allowed me to be the top performer in finance, real estate, and community organizations, Edmond Chamber of Commerce Ambassador of the Year in 2017, while giving me the opportunity to help those in need through the Jesus House, Project 66, the Food Bank, CareShare, City Rescue Mission, and many others. I believe the most important thing is family, honesty, and character. I strive to follow God everyday while giving my best to serve others through His Love.
