Tell us a little bit about your personal life and personal philosophy.

Everyone is deserving of love and of a home. This starts at home with my family. I want to expand people's opportunities to live a better life. My passion is to be of service to others.

Tell us why you would want to serve on the board of directors.

Being involved is a must for me. I want to be a part of the process that involves my RE community as well as the people I work with. Empowering others by encouraging and learning and teaching works for a better system.
