

2022 Board of Directors Nominee Bio

Name: Monty Milburn

Service to NAR, OAR, OKCMAR and MLSOK:

Over my 26+ years as a member of OKCMAR I have served on one committee. I have also participated as a panelist on several training opportunities, most dealing with diversity.

Service to other boards and committees:

I started the Diversity Business Association several years ago. It was created for LGBTQ business owners and their allies and has been a game-changer for our members through referrals and business relationships. I have also served on the Freedom Oklahoma Board, the Winds House Board, and The AIDS Walk board.

Tell us a little bit about your personal life and personal philosophy.

My philosophy for my work is simple: Under promise and over deliver. I have lived in the same home here in northwest OKC for almost a decade. I have established a great group of close friends & enjoy spending time with them all. My partner is a psychiatrist at OU and we have 3 pooches. I have been involved in several organizations over the years including AIDS Walk, Freedom Oklahoma, and The Diversity Business Association, which I co-founded. I love the water, great food, & travel.

Tell us why you would want to serve on the board of directors.

I feel I come into organizations with a level open mind while also knowing that we're there to get the work done for the entire organization. OKCMAR has been an association that

I have appreciated but never truly valued, if that makes sense. I want to not only participate in the association but assist in helping it grow and thrive.
