Tell us a little bit about your personal life and personal philosophy.

I love to have fun with life in general! Family wise, I am embarking on a new journey with my girlfriend very soon. I am highly involved in my church where I am on the praise team. I love to sing, and I am a huge music fan and I have a large collection of vinyl records that my family has passed down to me. My personal philosophy is making sure I position myself as best that I can to be a resource to help others reach their goals and dreams.

Tell us why you would want to serve on the board of directors.

Gaining knowledge from other peers and understanding our industry's outlook is all the reason to be a part of the board. Also, giving honor to my craft is important to me and it would be an honor to collaborate with other individuals with different perspectives to serve, protect, uphold, and

provide innovative ideas to our real estate community. It would be a chance to be on the frontlines of making an impact for our fellow Realtors and professionals alike.
