Why are you interested in serving on the MLSOK Board? I believe my business and law background would bring a different perspective to the Board in the hopes to order to better service the members. I previously worked for a technology company so I think that for provide some additional (non-techie) insight.

What special talent or resources can you bring to the MLSOK Board of Directors? What do you think is the greatest challenge facing the MLS industry right now? I believe my greatest talent that I could bring to the MLSOK Board of Directors is my background and willingness to help. I am a licensed attorney with a HR and technology company background which I think could be an asset to bring a different perspective to the Board. I'm very excited for this opportunity.
