

2024 Board of Directors Nominee Bio

Name Adrian Lillard

Tell us a little bit about yourself and your philosophy.

A Young Salesman Passionate About Community Building. At the age of twenty-one, while attending Texas State University, I began my career as a salesperson in Texas real estate. In 2009, I completed my thesis on mix-use in Kyle, Texas, where we developed mix use ideas for a 50-acre tract of raw farmland. It was then that I fell in love with the idea of strengthening communities by building on their strengths and addressing their weaknesses through strategic planning with city, county, and state officials. I continued my higher education at Oklahoma City University earning a Master's Degree in Art focusing in Sociology, studying nonprofit organizational leadership. Since college, I have pursued this passion and gained extensive knowledge of various areas of real estate. With my expertise in deal-making and closing, I have made it my personal mission to use my talents to make communities better.
