

2024 Board of Directors Nominee Bio

Name: Jimmy Nguyen with Brix Realty

Tell us a little bit about yourself and your philosophy:

As a college student, I hustled with service-oriented jobs to support my education. Later, I found my passion in interior design for over a decade! But you know what really clicked for me? Becoming a realtor! It's all about making a meaningful impact and helping friends, family, and everyone else achieve their real estate dreams. With "service first" as my mantra, clients' needs always come first—I'm all about building lasting relationships based on trust and empathy. I can't wait to add to our already distinguished board of professionals.

Please list your involvement in NAR, OAR, OKCMAR and MLSOK:

DEI Committee, OKCMAR Leadership Academy, NAHREP, and LGBTQ+ Real Estate Alliance

What sparked your interest in serving on the OKCMAR Board of Directors?

Over the past six incredible years, I've had the fantastic opportunity to serve on various boards, with some real highlights being Sisu Youth Services—a remarkable shelter for unhoused transitional aged youth—and PFLAG Oklahoma City—an amazing organization championing diversity and inclusion. Now, I couldn't be more thrilled to bring all that rich experience and boundless passion to OKCMAR, and to give back to the profession that's been so fulfilling. With a heart full of compassion and a genuine commitment to fostering inclusivity, my mission is to help make our organization more inclusive and a notch above others. Let's team up and create a future of progress and togetherness, where service, education, and advocacy come together to elevate our profession even further.
