Tell us a little bit about yourself. Please include any community involvement or personal philosophy. I am a native Oklahoman with a love for our state and the people in it. Often, I am told that I should have worked for the Chamber of Commerce but instead, 13 years ago after leaving a long career in corporate sales, I chose real estate .

I love the real estate industry for plenty of reasons but my first priority is to help people. I pride myself on being the best resource I can be for others, whether I am helping them in the buying/selling process or not. I love being their connection to people places and things.

I stay involved in the Realtor community by attending as many educational, cultural and peer events as possible. I volunteer at the OK Regional Food Bank as well and I am a big proponent of blood donation. It saves lives!

Travel and cooking are my other passions and I do both as often as possible.

What motivated your desire to serve on the OKCMAR board? I have become very involved in the multi cultural groups along with the DEI committee and began to see the bigger picture of what OKCMAR accomplishes. I have so much respect for the work that everyone does to maintain and grow the association.
I believe that I have something to offer the collective here.
