Tell us a little bit about yourself. Please include any community involvement or personal philosophy.	I enjoy volunteering in my community or anywhere there is a call to serve. I also have a homeless ministry where we bring food and clothing to the citys unhoused. I am a community partner with Bombas and I get 10,000 pairs of sock I provide to other organizations such as SISU, The Phoenix Project, and others such as back to school events. I am a mom of 4, two are military and only have a 22 year old at home now,
What motivated your desire to serve on the OKCMAR board?	I want to continue to be a part of solutions to make. our industry better. I want to be a part of finding solutions when we face a challenge. Engaging with community leaders gives a different perspective about how our city and industry works and I am excited to be involved. We also need more Hispanics involved and I am working hard on making that happen.
