Tell us a little bit about yourself. Please include any community involvement or personal philosophy.	I'm passionate about real estate. I believe professionalism is a skill that needs to be move available in our industry. I can't change the world, but I can change my community by teaching and producing competent and professional agents to the market place. That's my goal (a small part of it.)
What motivated your desire to serve on the MLSOK board?	I enjoy the work the MLSOK board does. I feel I'm just getting a good understanding of how to contribute to the boards goals. I'm not done learning. I'm not done contributing. I look forward to doing more for the brokers and agents of our metropolitan in an ever changing time in our industry.
