

Name	Mark Pregler
Please list any service (committees, boards, etc) to MLSOK, your local association, OAR, NAR, or others within the industry.	None

Tell us a little bit about yourself. Please include any community involvement or personal philosophy.

I'm a proud, fourth-generation Oklahoman born and raised in Minco. My family's Oklahoma roots run deep-my great-grandparents farmed opposite ends of the state in the early 1900s, and we still maintain the Haskell family farm they immigrated to from Germany in 1912. My grandparents met at Oklahoma A&M (now Oklahoma State University), where my parents later met as well, continuing the legacy of education and community involvement.

After serving in the Navy, my grandfather became a Bank Examiner for the Federal Reserve before owning and operating The First National Bank of Minco starting in 1946. My parents continued that legacy, and by age 13, I was helping in the bank after school-filing checks and learning the business from the ground up. I went on to work for institutions such as Bank of America, The First National Bank of Chickasha, and The Bank NA, serving in a variety of operational and leadership roles. In 2008, I transitioned into financial technology as an Account Manager with Intuit/NCR, supporting banks and credit unions nationwide with online banking platforms.

Having navigated the home buying and selling process personally and professionally, real estate became a natural next step. In 2020, I officially launched my real estate career and was honored to be one of the founding agents at Brix Realty. In early 2025, I founded Okie Dreams Real Estate Group, powered by Brix Realty, with a mission to help Oklahomans-both lifelong residents and newcomers-find their dream properties across the state. We serve the OKC metro, Tulsa, and southern Oklahoma, with a focus on integrity, transparency, and personalized service.

I'm deeply committed to our industry, and I bring a unique perspective that blends banking, technology, and real estate. I believe in protecting our clients, upholding high standards, and contributing to a better future for Oklahoma real estate professionals and homeowners alike. It would be an honor to serve on the MLS board and help guide the systems and policies that support our shared success.

What motivated your desire to serve on the MLSOK board?

The real estate industry is evolving rapidly, and I believe MLSOK must stay ahead of that change to best serve our members and their clients. My motivation to serve stems from a desire to bring forward-thinking solutions and practical experience to the table. With a background in both banking and financial technology, along with years of hands-on real estate service across Oklahoma, I bring a unique perspective that blends operational insight with a client-first mindset.

I'm passionate about improving the systems we rely on every day-not just for efficiency, but for the long-term benefit of agents, brokers, and consumers. I believe innovative thinking, balanced with a strong understanding of the local market, can help MLSOK adapt, grow, and lead in a changing landscape. Serving on the board would allow me to contribute to meaningful progress and help shape the future of real estate in Oklahoma.
