

Name	Jerry Mefford
Please list any service (committees, boards, etc) to OKCMAR, MLSOK, OAR, NAR, or others within the industry.	<p>OKCMAR Leadership Academy - Summer 2025</p> <p>I've not had the opportunity to yet serve on any industry boards, however my plan is to join one when enrollment is once again opened.</p>
Tell us a little bit about yourself. Please include any community involvement or personal philosophy.	<p>My name is Jerry Mefford. I work beside my wife and partner in real estate, Dee, to whom I've been married nearly 25 years. We have been engaged in some form of real estate whether owning and flipping homes or renting them for about 20 years now.</p> <p>We relocated to the Oklahoma City area to be closer to my two brothers in April of 2020 and shortly thereafter passed the licensure exam to become REALTORS®</p> <p>in January of 2021. We are members of New Church and assist them and others in running a marriage ministry as well as a ministry for seriously dating and engaged couples. I have as well served as Secretary on the StoneRidge Farms HOA Board for 3 years.</p> <p>My personal philosophy follows such that if we serve and help people to get what they want, the rest falls in line, financially as well as with the intrinsic rewards that follow. It is our greatest joy to help first time home buyers get into their first homes! We love talking with people, interacting with people, and in guiding them to avoid mistakes we made in our past 27 years of being together; whether it be real estate related, financial, or in life events.</p>

What motivated your desire to serve on the OKCMAR board?

To Serve. I have been fortunate to work in several industries in my life, from insurance claims adjuster, to warehouse and transportation management, in sales, and as a college professor teaching information technology and business courses. What I have derived from all of these experiences is the knowledge and ability to serve others well; using that experiential knowledge to facilitate a better life and decision making process for myself and others.

I believe that having worked as a REALTOR®

and experiencing life as a new REALTOR®

almost 5 years ago; and one that is in a continual learning process, that I can help to carry the torch of my predecessors in making OKCMAR a better place for all REALTORS®

to be proud of calling the Oklahoma City metro area their home and workplace!
